COMPILERS AND PUBLISHERS,

BOSTON, MASS.

FOR SALE BY
WM. D. WARD, Everett Square,
and J. J. HOUSTON, 435 Hyde Park Ave.

PRICE, $2.00.

Entered according to Act of Congress in the year 1900, by the
BOSTON SUBURBAN DIRECTORY PUBLISHING CO.
in the office of the Librarian of Congress at Washington.

Publishers' Card.

WE take pleasure in presenting to our patrons and the public in general, Vol. 1 of the HYDE PARK AND MILTON DIRECTORY. This issue will contain a larger number of names than any ever published for these towns before. Here we wish to call the attention of the reader to the fact that there is no fixed rule for the spelling and pronunciation of proper names, and therefore, he should ascertain how the person himself spells his or her name before deciding that the same does not appear in the book. If this rule is followed there will be a great many names found that would otherwise seem to have been omitted.

We also call special attention to the new street guide which we have compiled for this issue, and the new map; two expensive items which we trust will be appreciated.

While we are grateful for the advertising patronage given us, we wish to remind you of the difficulties and exceptionally heavy expense attending the compiling and publishing of a good directory, and would ask for an increase of patronage in the future, as we have had to call upon the Boston business men for a great part of the patronage for this number.

Where we have been able to ascertain the city or town to which a former resident has moved, we have allowed the name to remain, including his present residence; also, where the date of death can be learned the name remains with the date of demise, which we consider will prove very valuable in the future. A well gotten up directory is a great necessity for a small town as well as for a large city, and in future years will make a complete guide to the names, industries and occupations of the people in former times, which can be used for historic and genealogical purposes.

Owing to the great difficulties we have had to contend with in many ways, the publication of this volume has been necessarily delayed; but we promise to do better next time. Parties using the book without expense, should not fail to patronize the business men who have contributed toward its publication.

In conclusion, we sincerely trust the business men will not allow themselves to be duped by any fake directory scheme in the future, but make sure that the contract which they sign is that of the BOSTON SUBURBAN DIRECTORY PUBLISHING COMPANY.

Very truly yours,

BOSTON SUBURBAN DIRECTORY PUB. CO.,

STREET DIRECTORY.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Main street No. 139 comes, you look at Main and find that School street crosses at 133, and Pine street at 143, showing that 139 Main would come about half way between School and Pine.

WILBUT S. DAVIS, ALTON, N. H., writes: "TO WHOM IT MAY CONCERN:—This certifies that my horse, on the twentieth day of January, ran away with a hitching post and injured her knees so badly that she was pronounced worthless by several horse doctors. I tried various remedies for six weeks and she grew worse. I at length used TUTTLE'S ELIXIR, and in three weeks from the time I commenced to use it I had her on the road ready for work. The knees healed so nicely that it is difficult to find the scars."

HARCOURT STREET, BOSTON.

One block from Huntington Ave. Station.

We wish to call your attention to our House Store, which, in itself, is a modern venture in introducing

Interior Decorating.

Estimates on all kinds of work cheerfully given.

Decorating, like architecture, has become an art in itself, and requires a great deal of thought and study, so as to bring out a harmony of color, as well as an artistic arrangement of furniture, etc., and this is what we endeavor to show in our warerooms.

There are a great many times when merely a description of some feature in interior work conveys no meaning to the party interested; but when you can take the party and show the same, they can see at once just what the effect is. And this covers exactly our idea in establishing our House Store, for there is scarcely an idea in Interior Work but what we can show it somewhere in the building.

Our store is in one of the old aristocratic houses on Boylston Street (opposite Arlington Street and the Public Garden), beautiful in its architecture, and furnished throughout with Furniture, Wall Hangers, Draperies, Laces, and Wall Papers, all of unusual designs and patterns.

A great number of our Fabrics, as well as Furniture and Wall papers, we import direct from England, France and Germany, and in so doing we can show a very choice line.

All our work is done in the building under our own supervision, so that everything is done in the very best manner possible. Our Hair Mattresses are made with hair picked by hand, as we have found that machine picking breaks the hair. The Upholstery and Drapery is all done by the highest-skilled workmen.

We invite you to call and inspect our store, and we feel that you will be well repaid for the time given. Very respectfully,

Lyman A. Bowker & Co.,
